Welcome to St Thomas More Montessori!

We are looking forward to you coming to play with us; we have lots of fun things to do!

You can play outside, or inside whenever you like.

Our garden door is always open, so don't forget your welly boots!

In the **Sensorial Area** you can explore shapes, colours, sounds and patterns!

We love to paint, draw, cut and stick!

Lots of lovely things are waiting for you to make in the **Art Area**.

It is lovely to sit by a sunny window and share a story in our **Book Corner**.

Are you very clever at counting?

We have lots of fun ways to practice in our **Numeracy Area**.

Messy play in the sand, water and shingle!

At Montessori we have little toilets and sinks that are just the right size for you to use!

If your clothes get wet and you need to change, this is where we will help you to do it.

We come to the **Bathroom** lots of times a day to wash our hands.

In the **Construction Corner** you can dress up, build and role play.

These are our **Practical Life** activities, where you can learn how to pour, thread, dress, open & close and much more!

Are you fascinated with animals, dinosaurs, outer space?

The **Cultural Area** might be your favourite place to play.

We enjoy sharing healthy snacks. We eat at the **Snack Cafe**, chopping our own fruit and pouring our own drinks.

When we have finished we wash up our dishes.

When you arrive at Montessori you will have your own peg with your photograph in our **Cloak Room.**

This is where you will keep your bag and your coat.

Your teachers will help you to find your coat and put it on if you want to play outside.

You will have a special teacher called your **Keyperson**, who will look after you and talk to your parents.

All of the teachers are very kind and smiley, they are all here to help you play, learn and have fun. These are some of your teachers…
